

WHO WE ARE

Since 1987, Child Care Resource Network (CCRN) has been serving the needs of families and child care providers in Western New York. Since our inception CCRN has been raising awareness about the integral role high quality early child care plays in the development of children.

Mission

To promote quality, affordable, accessible care and learning for all children by supporting and empowering families, caregivers, education professionals and employers.

Vision

All Children have high-quality care and learning experiences, helping them to reach their full potential

WHAT WE DO

For Parents:

We help parents create a child care plan that fits their families needs free of charge. We also provide education in regard to what child care options are available, what quality looks like and ways to reduce the cost of care.

For Child Care Providers:

We provide continuing education, coaching, credentialing and quality improvement projects. We also have a food program that provides over 1 million healthy meals and snacks annually to children in child care.

For the Community:

We work with local business leaders to help them understand how high-quality child care impacts their workforce. We also advocate with state and local legislators to provide better supports for providers and to help ease the financial burden of child care for families.

WHERE WE WORK

Our North Buffalo offices are conveniently situated on a bus line and we offer walk-in appointments during business hours. We are happy to help you with any child care needs you may have. Whether you are a parent looking for the right program for your growing family, considering opening a child care program in your home or are a provider looking to expand the knowledge you already have, feel free to stop in today!

Due to COVID-19 we are currently not taking walk-ins or appointments. Please call 716-877-6666 to set up a virtual appointment today.
