

Let us introduce ourselves.

We love what we do. Our staff made up of over 40 individuals work together on:

- Giving free child care referrals to parents, employers, and families in Erie County
- Helping to open child care programs
- Regulating child care programs to make sure they are safe and in compliance
- Training child care providers
- Enrolling child care programs in the Child and Adult Care Food Program (CACFP) to help make sure children are being fed healthy, nutritious meals in child care programs
- Assisting families with navigating the daycare subsidy system, and educate them on what high-quality child care looks like
- Meeting with local legislators and advocating for high-quality early education for all children
- Working with centers and programs to become Breast Feeding Friendly

Welcome to our community.

Your membership with Child Care Resource Network helps to support our work. At the same time, it opens doors for our members in the early care and education field, and to the community at large.

We are here to provide you with the programs, services, and support you need to provide high-quality child care to the children in your program. Thank you for supporting Child Care Resource Network and the children of WNY.

What our members are saying:

“I am a member because of the professional benefits and the networking opportunities.”

“I am a member to be involved in our community and stay up-to-date in the early care and education field.”

“The discounts are so useful - this is the only training available that offers required topics for licensing, affordability, and location.”
